#### SAFETY FIRST

The September number of the C. & O. Employee's Magazine has just been issued and the following items of local interest are found in the honor roll (we naturally expected the first one):

A. J. Boyd, Operator, on August 28, while Extra 936 was passing through Maysville, discovered a brake beam down under a car in that train, and notified the train crew at Fair Ground, where they took the beam down. Mr. Boyd is to be commended for his watchfulness and interest taken in the Company's welfare.

B. Breeden, Brakeman, Maysville, Ky., discovered a broken arch bar on car of train No. 92 which was loaded with gasoline. Mr. Breeden's close observation in the examination of his train in finding this defect very probably prevented an accident, and it is with pleasure that we place him on the Special Merit Roll for this month.

S. K. Brown, Engineer, Fair Ground, Ky., while on train No. 8, August 9th, passing Fair Ground, saved the life of a trespasser on the tracks by his prompt action in stopping his train. Mr. Brown's efficiency and good judgment in this case is very commendable, and it is with pleasure that we place him on this month's Special Merit Roll.

### COLLAPSE OF ALEXANDER BANK RECALLED BY SUITS FILED AGAINST FOUR MEN WHO GAVE LATE BANKER ACCOMMODATION

Paris, Ky., October 2—An echo of the collapse of the George Alexander & Co., state bank of this city two years ago, and the sensational trial and conviction of its President, George E. Alexander, was heard today, when State Banking Commissioner George G. Spears filed in the Bourbon Circuit Court suits to recover on four notes aggregating \$36,500.

They are against Warren Bacon, Alabama, on a note for \$12,500; M. J. Murphy, Paris, for \$10,500; J. H. Fuhrman, Paris, \$12,000, and J. G. Mitchell, North Middletown, for \$2,000.

The four defendants claim that they are not liable to the bank for the amount; that they never received a cent on either of the notes, but that they were given an accommodation to Mr. Alexander.

At the trial of Mr. Alexander each of the defendants testified that they had given the notes at the instance of Mr. Alexander, who told them the bank had overstepped the legal limit in overdrafts, and he wished the notes solely to square himself with the Bank Examiner, who was about due to arrive.

Mr. Bacon, who formerly resided in Paris, is now a wealthy horseman living in Gallatin, Ala. He arrived at Paris this morning preparatory to attending the Lexington trots, when the papers in his case were served on him.

Martin Van Buren, who apparently liked to see things coming toward him in a flock, is said to have waited until the end of his Presidential term before drawing any of his salary. The total, according to the \$25,000 rate then paid, was an even \$100,000.

The production and distribution of electricity in Edinburgh has been made a municipal monopoly.

### DODGERS CLINCH NATIONAL FLAG

Philadelphia, October 3—The Brooklyn club, after one of the hottest fights in the major leagues for years, today won the National League pennant by virtue of winning its game against New York and Philadelphia's double defeat at the hands of Boston. The fighting Quakers lost the first game 6 to 3 and the second 6 to 1. Rixey was sent in to pitch the first game and lost it through a combination of bunched hits by Boston and bunched errors by his teammates. In the second game, Mayers held the Boston team at bay until the sixth inning, when he began to weaken. Boston tied the score in this inning and went ahead in the seventh and clinched the game in the eighth inning. Tyler pitched a fine game for the Braves.

The double-defeat was a heart breaker to the Phillies. Brooklyn can lose all its remaining games and Philadelphia win all hers and the final standing would still give Brooklyn the pennant by a score of narrow margin.

### Series to Begin Next Saturday

New York, October 3—The Boston American League club and the Brooklyn Nationals will meet in the 1916 world's series, the opening game of which will be played on Brave's field at Boston next Saturday, October 7. The teams will remain in Boston over Sunday and play the second game of the series there on Monday, October 9, weather permitting, after which they will return to Brooklyn for two games at Ebbett's field on Tuesday and Wednesday, October 10 and 11. The fifth and sixth games, if necessary, will be played on Thursday, October 12, and Friday, October 13 at Boston and Brooklyn respectively. Should a seventh game be necessary to decide the series, the location of the contest will be decided by the toss of a coin as in past years.

### PRESIDENTIAL ELECTORS MUST FILE STATEMENTS

Frankfort, Ky., October 3—Presidential electors must file a statement of their expenses with the Secretary of State fifteen days before the election. This opinion was given Secretary of State Lewis today by Attorney General Logan in answer to a query made of the Secretary of State by Ludlow Petty. The Attorney General holds that while the corrupt practices act does not specifically state that presidential electors must file a statement of expenses, they come under the head of State officers and that in order to be on the safe side they should be required to file such statement. He also holds that the State campaign committees must file statement of expenses with the Secretary of State. Each member of the committee is allowed to spend \$500, and this expenditure does not include the actual expenses such as those for maintaining headquarters, advertising, printing, clerk hire, etc. Attorney General Logan says that as the presidential electors do not have their nomination fifteen days before the primary, it is not necessary for them to file expense statements for the nomination. In another opinion given Secretary of State Lewis today Attorney General Logan holds that all candidates must file their nomination papers with the Secretary of State. Candidates who had no opposition in the primary were given their certificates by the Secretary of State and those who had opposition got their certificates from the State Election Commission.

### CHILD LABOR LAW WILL BE PUSHED TO LIMIT

Frankfort, Ky., October 3—After a conference today between Mat Cohen, commissioner of the Bureau of Labor and Statistics, and Mrs. Charles Hamilton Musgrove, of Louisville, labor inspector, with Assistant Attorney General Charles Morris, Cohen announced that the child labor law would be pushed to the limit. He announces that the parents of children not in school will be arrested and hauled in to court under the delinquency statute. This announcement is made to counteract the report circulated in Louisville that the child labor law would be a dead letter.

### SETH LOW NAMES BEREAS COLLEGE IN WILL

New York, October 3—The will of Seth Low, once Mayor of New York, which was filed in White Plains today, leaves the bulk of an estate estimated at more than \$4,000,000 to his widow Annie W. S. Low. Upon the death of the widow the will provided substantial bequests for the University of Virginia, Berea College, Berea, Ky., Tuskegee Institute, Canton Christian College and the Church Pension Fund of Columbia University.

Mexico's national library contains 225,000 volumes.

### FLOOD PICTURES

In the window of the E. A. Robinson Cigar Co. are displayed a number of flood pictures taken in the Cabin and Paint Creek valleys following the cloudburst in that section which did thousands of dollars damage to crops and home and industry. The pictures show some of the worst scenes, in one place a number of freight cars being shown, the dirt having collected around them within two feet of the top of the cars. The collection of pictures is very interesting.
